**Scope and Content**

This collection includes H. C. Morrison's personal card catalog file of his articles that were published in the Pentecostal Herald and are organized by the year in which they were published. The cards appear to have been used as an inter-office catalog of records at the Pentecostal Publishing Company and provide limited information concerning each article H.C. Morrison published in the Pentecostal Herald, including: the title of the article, the subject classification of the article, which volume and number of the Pentecostal Herald the article was published in, the date the article was published, and the length in pages each article totaled.
