I read a small Book called
the Secret of a happy life by
the Above Author Whether
a man or woman I do
not know but a woman I
suppose. Therefore you will
please excuse me for not
addressing you as either. But
will say If this should fall
into your hands. May the Lord
Bless you as the Author of such
a Book as Secret of a happy
Life, It is indeed the Secret

of a happy + Blessed Life that
is perfectly consistent with both
common sense + the Holy Spirit

If you still publish the Book
or know who does please
write me about it + where
I can get it there is so
many need it.

please write to me at
once. To L. M. Frost
