to you both all your love to me
of the help you now have mis-
-bund. I hope to return to Woking
in a few days. When the
book is re--printed, you shall
have a copy. Yours ever truly
your ever truly friend and
& gratefully Rensay.
Andrew Luker. Aug. 10. 1880

My dear Mrs. Smith,
Your letter,
enclosing a cheque for £40, reached
me last Tuesday, just as I
was leaving home to come
to the Meeting which has
been going on here during
the last few days; and
this place and its associations,
through you & your dear
husband are never forgotten
by me, have brought you

P. S. I will try to write more fully
when I get back to Woking.

both very vividly to our
remembrance, for it was
you, if I remember right,
who began the meetings, which
have every summer been
held here ever since you
were in England. I need
not tell you that you were
remembered, & that special
prayer was offered for all
those who in past years
had helped us here - I have
been unable to speak as
on former occasions. Though

better than I was, as this
letter shows, for for weeks
I c^d. not write, I am
still very shaky, and all
effect of mind or body seems
to prostrate me entirely.
This makes me desire, if
I get permit, to prepare
for publication, some of
the things which the Lord
has said to me at different
times. The money you
have so kindly sent shall
be applied to reprinting
the little book on The Kings.

& perhaps one or two other
old friends now out of print.
Many thanks for your help
which enables me to do this.
But I desire also, if God
will, to write out more
clearly my old notes on
the "Verily Verities" of our
Lord, which seem to me to
be full of the special teaching
which disciples now need
everywhere. Will you & your
dear husband pray for me
that grace & health, if it
please God, may be given me
to do this. And may He return
