Mrs Pearceall Smith

Dear Madam.

Mr Renell has asked us to undertake the publication of "Child Culture" in this Country and has suggested that it should be set up in this Country, which we think desirable, to avoid the American ways of spelling which in some respects are different from those in use here.

We shall be glad to know if it is entirely agreeable to you that we should issue

the Book here, and if so
we would like to know also
if you have any alterations
or corrections to make in
the Book. because if so
it would be better that we
should be informed about them
before proceeding with the
typesetting.

Under the arrangement
we have made with Mr.
Revell we shall have to pay
you Royalty at the rate of
7 1/2 per cent on all copies
sold. and we should be glad
to receive your confirmation
of this

Yours very truly
James Nicolson & Co.
