Amy Goodman of Democracy now hosts an interview with Johan Galtung. “Known as a founder of the field of peace and conflict studies, [Galtung] spent the past half-century pursuing nonviolent conflict resolution in international relations. His latest book is *The Fall of the US Empire – And Then What?: Successors, Regionalization or Globalization? US Fascism or US Blossoming?* I spoke to him last week about his prediction of the collapse of US empire in ten years, by 2020. In this … interview, Galtung discusses his assessment of President Obama, the US corporate media and more. But we began with the war in Afghanistan, where he has worked extensively in attempts at conflict resolution.”
