The Area of Counseling and Pastoral Care maintains a list of sites previously used that you may wish to consult for idea for placements sites. This information can be found on the bulletin board outside the counseling area offices. Students are free to arrange for their own placement sites as long as it meets the practicum requirements. Choose sites are in keeping with your career interests or that involves populations in which you have an interest.

REQUIRED READING

It would be helpful to read chapter 1 prior to selecting the practicum site. The chapter contains some useful information on selecting a site.

REQUIREMENTS

Counseling Component

Each student shall spend 300 hours for each 3 hours of credit in an appropriate counseling site. These hours include all work directly related to the practicum such as weekly supervision, client contact, staff meetings, intake sessions, treatment conferences, reading, verbatim preparation (if required) etc.

In order to qualify as an appropriate site the following conditions should apply.

- Access to a pool of clients that provides students with direct client contact. Client contact includes individual, family, group or co-therapy as well as contacts for the purpose of intake, assessment and diagnosis.
- Ideally a minimum of 25% of the total hours will be spent in client contact.
- 1 hour of individual face to face supervision by a qualified person per week. Persons qualified to provide supervision should possess a masters degree in one of the following disciplines: counseling, psychology, or social work.

Supervisory Component

Each student will have one hour of face to face supervision each week. Ideally, the supervision will be provided at the student’s practicum setting by a qualified supervisor with a minimum of a masters degree in a clinical discipline (see above). Supervision time will normally be devoted to the students’ case load and issues related to their counseling work.

Evaluation is an on-going part of the supervisory process. Students who encounter difficulty in fulfilling the requirements should meet with their placement or faculty supervisor as early as possible for consultation and/or adjustment to their practicum.

Ethical Conduct

All students in counseling practica are expected to adhere to ethical guidelines in conducting their work. The ethical standards for the
American Counseling Association apply. Students should also adhere to any ethical standards and guidelines of the placement site.
