Objectives:

CD 656 – Discipling Children in the Large Church
Examines ministry with children in large churches to discover potentials, challenges, and approaches that provide effective Christian discipling for children and their families. This course involves traveling to visit large churches and learn from their children's ministry staff members followed by research and reflective processing of the experiential learning. Prerequisite: CD655 or additional background reading to be completed before the course begins. Cost in addition to tuition may apply.

Course Format
The format and schedule of this course are non-traditional, involving group travel, independent research, and a one day seminar later in the semester when students will present their research papers. Students from the Orlando, Wilmore, and Virtual campuses may participate in the course, and because of the travel time it will provide ExL students with on campus credit.
During the travel days students will observe ministries with children in several large churches and learn from their staff members about the perspectives that guide their discipling of children, the ministries and programs they provide and the resources they use.
After returning to campus students will do additional research into the spiritual potential and needs of children and write a 15 page paper. The paper will evaluate some aspect of ministries with children that were observed, using the research to assess
the adequacy of those ministries and identify ways of enhancing those ministries.
Each student will present his or her research paper at the seminar and be prepared to lead the discussion of one other paper.
(Depending on the campuses represented in the class, the seminar may involve Distance Learning and ExL students who cannot go to Orlando or Wilmore can participate in the seminar by computer hook up. This needs to be discussed with the professor early on.)
The course will involve additional cost to the students for travel and to cover accommodations and food while traveling. The amount will be determined each time the course is taught, based on the actual anticipated expenses.
