DURING CLASS________________________________

To Take:

Purchase and take the Kolb Learning Style Inventory, David A. Kolb. See the class calendar for when the results need to be completed for class discussion.

Learning Group Interaction and Projects:
With other students form a cooperative learning group of not more than 5 and not less than 3 persons. Submit a list of your group members to the professor by the January 22 afternoon session. Groups will meet for a minimum of 10 hours during the week to work together on three assignments.

1. **Book Review** (6 points)
   Each group member will select a book from the “select one” section of the reading list. Write a reading report deleting part #3. Share your book review with your group members by Tuesday afternoon (Jan. 23) and turn in your reading report that day.

2. **Sacramental Plans** (10 points)
   In *The Pastor as Religious Educator*, chapter 3 discusses “The Pastor as Sacramentally Grounded Religious Educator.” Browning explores how the pastor can teach the whole congregation through the sacraments. In Blevins “Means of Grace and Ways of Knowing” he looks at learning theories in the context of “means of grace” as a sacramental pedagogy. How might you as pastors lead your congregation in the celebration of different sacraments so that they experience spiritual formation through those sacraments? Select specific sacraments and develop plans to enhance their effectiveness in the spiritual formation of the congregation. Use the following steps in the process.
   - a). Select a number of sacraments equal to the number of group members.
   - b). As a group, discuss how you could prepare people for the selected sacraments and how you might lead people in the sacraments so that they become an even more powerful means of God’s grace. As a group discuss Browning’s and Blevins’ ideas. How do they compare? Which ideas do you see as valid? Where do you disagree? What other means have you seen used or thought of using that would make the sacrament more meaningful? What insights from this course give ideas to be used in your plan? Group members may want to seek out other creative ideas from reading or conversation with a pastor.
   - c). Based on the above discussion and research, each group member will then develop a plan for teaching “more effective spiritual formation” through one of the selected sacraments. In a 2-3-page paper outline how you would prepare for the sacramental event, features to be included in the event, and possibly new pieces of liturgy. Include a 50-100 word summary of what you hope to accomplish through your plan.
   - d). As a group discuss the Sacramental Plan papers, and offer refinements.
   - e). As a group prepare a 1-page introduction to the Sacramental Plans in which you articulate why and how you believe these plans will enhance the spiritual growth of children, youth, and adults in your congregation.
   - f) On Wednesday at 5:00 pm (Jan. 24) submit the introduction and all plans, with the author’s name on each plan.

**Grading Criteria**
a. Significance of the plans for enhanced learning and spiritual formation.
b. Usefulness and creativity of action plans.

3. Group Teaching Projects (20 points, 10 points per presentation)
As a group, you will design two different presentations for the class. [Time limits will be strictly held to.]

The FIRST is to design and teach a **20-30 minute** session implementing the Learning Styles teaching model and principles presented in CE 605. You will choose a **topic from the class content**, create a lesson plan, with all the needed resources to teach/facilitate a lesson for either children, youth, or adult, and teach the remaining members of the class.

The SECOND part of the session will be a **ten-minute** creative presentation of your Basic Beliefs about effective discipleship/Christian education—using your **Basic Belief Process Reports**. The presentation should be developed as a presentation to your “congregation, lay-leadership team, or C.E. staff.” Use as many multi-media tools as applicable. Include a written script of your presentation, not to exceed 1000 words.

Your presentation materials are due to the professor following your presentation to the class. The grade will be based on the effective implementation of good teaching principles, the age appropriateness of content and approach, the thoughtfulness of the content, and faithful group participation. All group members will receive the same number of points for this presentation.

The group teaching sessions will be scheduled for **Friday (Jan. 26)**.

**FOLLOWING CLASS ______________________________**

**Integrative Papers:**

You will write three integrative papers following the week of class. Make sure to respond to each of the sections in the guidelines and questions. Be sure to address your answers with the grading criterion in mind. Each paper is to be no more than 2 1/2 – 3 pages. All three are **due to the professor’s mailbox by February 26 at 5:00 pm.**

1. **Paper #1** (15 points; 5 points per section)
   A. In **200 - 250 words summarize the distinctives of a Wesleyan theology presented in class and in chapters 3 and 4 of John Wesley’s Class Meeting.**
   B. In the Christian education you have experienced and observed, what has been in harmony with the Wesleyan distinctives discussed in class and presented in *John Wesley’s Class Meeting* (pages 83-160)? What has not been in harmony with those distinctives?
   C. If you could serve the church(s) you have been reflecting on, what would you as pastor do to **help your lay people** have a teaching ministry that would more
adequately reflect Wesleyan distinctives? Note: if you come from a denomination with a non-Wesleyan theological perspective, see the professor for a revised version of this question.

Grading Criteria
   a. Grasp of Wesleyan distinctives discussed in class.
   b. Grasp of the Wesleyan distinctives presented in chapters 3 and 4 of John Wesley’s Class Meeting by Henderson.
   c. Ability to see harmony or disharmony between theology (Wesleyan distinctives) and Christian education experience.
   d. Significance of the plans for helping the laity be more Wesleyan in their teaching ministries.

2. Paper #2 (15 points; 7.5 points per section)
   Recall a lesson you taught in a church related setting. In one or two sentences indicate the topic and lesson goal. (If you have not taught, recall a class session in which you were a student.)
   A. What did you (or your teacher) include in that class session which related to the learning style preference of the divergers (imaginative learners), assimilators (analytical learners), convergers (common sense learners), and accommodators (dynamic learners)? Describe why, according to the learning style theory of Kolb and LeFever/McCarthy, each learning activity or teaching method was of value to specific kinds of learners. Which learners, if any would have found very little designed for their learning style preference? Describe what was missing that they needed.
   B. If you could teach that class again, what specific learning activities would you add to implement more fully what you have learned about learning styles and to better serve the different learners? Be sure to give additional learning activities, even if you think the first plan was fine and the new suggestions would only be alternate approaches. Briefly explain your reason for adding each learning activity.

Grading Criteria
   a. Grasp of learning style theory.
   b. Ability to relate learning style theory to practice.

3. Paper #3 (15 points; 7.5 points per section)
   You came to Grace Church in June and have served as pastor there for 6 months. After observing Vacation Bible School last summer you decided that a change in curriculum is needed. A dedicated group of women have led VBS for the past 5 years; they love working together and want to lead the VBS again next summer. Each year they ordered materials from a certain publisher without looking at other possibilities, and felt good about the materials. VBS is one of the church’s main means of outreach to the community. You believe there are more creative resources available that will provide more significant learning experiences for the
children. A church across town used one of the resources you would like your leaders to consider. Their pastor excitedly told you about their experience and showed you a video of their VBS in action.

A. Use one of the transitioning paradigms you read about or discussed in class as a guide for identifying elements necessary in the change process and develop an action plan for leading your VBS leaders in considering and adopting new curriculum resources for next summer’s VBS and using them more effectively.

B. Explain which aspect of the paradigm is implemented by each step in your action plan.

Grading Criteria
   a. Understanding of your chosen paradigm.
   b. Ability to plan workable strategies based on theory and the situation.

Basic Beliefs Process Reports:

You will work on this project while you are reading and across the week, processing your learning and refining it into an integrative, creative presentation with your group.

1. Basic Beliefs: Process Reports (10 points)
   From your readings and class notes, develop a list of statements that articulate your basic beliefs about effective Christian education ministries and discipleship. Each statement should be no more than 30 – 50 words in length. With each statement, give the sources from which you drew the concept—book title and page numbers, scripture reference, or class notes with date. You will use your rough draft for the group presentation.
   Example: Effective discipling begins with the teacher or parent’s relationship with God (Deut. 6:5-6, Class 3/12/01)
   By February 26, 5:00 pm, submit 4-6 pages of statements drawn from the readings and class discussions of the preceding weeks. Insights from all reading materials and major class discussion themes are expected.

Grading Criteria
   a. Clarity and significance of statements
   b. Inclusiveness of statements

GRADING

All papers and projects will be graded on a 4.0 scale. Each assignment has a set number of points that are totaled for the final grade as follows: [Late assignment’s grades will be lowered unless a prior change in deadline has been arranged with the professor.]
