**Assignments**

**Attendance:** Seminar attendance and participation is required. Any unavoidable absences are to be discussed with the professor.

**Supervised Ministry:** You will continue to invest 3-5 hours per week in your supervised ministry placement. The goal for this final semester is to develop leadership and planning skills by providing leadership in your placement and by mentoring a volunteer, working with him or her in ministry. These goals should be reflected in the Learning Contract, due **February 21**.
You will continue to:
- Interact every other week with your on site supervisor.
- Receive feedback and evaluation from the field supervisor once each month.
Mid-term reflections on the supervised ministry are due **March 14** and final evaluation reports are due **May 10**.

**Reflections:** Prior to each group meeting, reflect on the scripture passage and the question(s) noted for the class session. Record insights and come prepared to share your reflections.
**Devotional Leadership:** Each participant will lead a **15-minute** devotional time during one class session. The focus of the devotion will be the passage from John designated for that day. Involve group members in the processing of the passage, and also share personal insights. To provide constructive feedback, each devotional leader will be evaluated, on the following criteria.

- Skill in leading interactive discovery.
- Ability to lead participants in discovering insights meaningful for their lives.
- Appropriate use of the biblical passage.
- Use of creative methods.
- Ability to provide a meaningful experience within the time allotted.

**Reading:** Read *Working the Angles* by Eugene H. Peterson. Note due dates on the Reflection Group Schedule.

**Resume:** Prepare a resume.  **Due: February 28.**

**Theology of Ministry:** Prepare a paper in which you develop your theology of ministry following the instructions that will be provided. **Submit 2 copies. Due: April 4.**

**Goals:** In a brief paper outline your ministry, professional, and personal goals for your first year in ministry. Identify additional goals that would be part of a five-year plan. Include a devotional covenant to guide your spiritual discipline during your first year in ministry. **Due: April 25.**

**Case Study:** Respond to a case study. Based on what you have learned from the social sciences, Bible, and theology, identify the key issues in the case and describe how you would minister in that situation.
