1. Counseling Practice – 20%
   Trios: You will work in trios to practice your skills. Your practice sessions will happen outside of our class time. During each round, you will have an opportunity to be a client, a counselor, and an observer. You should be able to complete your practice sessions within 30 minutes, with one person taking on the counselor role per meeting. Each person should be the counselor one time during each round. Focus on skills that we have recently covered in class. Following the session, the client and the observer complete a Trio Rating Scale as a way to provided feedback to the counselor. Each (client & observer) will rate the counselor on a scale of 1-20 points, (with 20 being the highest). The counselor will write a one page double spaced self-evaluation, based on the trio rating from client & observer.

   Role play: Car Accident [Round 1], Oct 12-PTSD [Round 2], & Suicide [Round 3]
   a. You (Counselor) will turn in (a week after your role play): the Trio Rating Scales that were completed for you by the counselee and observer during your practice rounds.
   b. A one page (double spaced) evaluation of yourself as a counselor, in light of the feedback of trio rating scale from the observer and from your ‘client.’ Rate yourself on a scale of 1-20 points, (with 20 being the highest).

Note Well: You will not have an opportunity to submit documentation after you turn in your paper to me. Points per reflection assignment will be deducted if feedback forms are missing.
2. Theological Integration Paper - 25%

See grading rubric.

Identify a time in your life when you experienced a period of crisis. If you have been fortunate enough to have NO crisis experience, then you can interview someone who has had a crisis. Synthesize the experience with your understanding from class lectures and Why God? The paper is 10-12 pages double spaced.

Address these issues:

- From lectures & Crisis Intervention Strategies: In not more than 2 pages describe the kind of crisis you experienced. Define and describe the elements of crisis that were especially present in your situation?
- From Why God: How did you experience God in the midst of this crisis? How did you deal with the question of theodicy?
- What helped you to move through or to re-build these assumptions in this time of crisis?

Your 10-12 page paper is to be typed, double spaced. This is your opportunity to reflectively integrate the readings to date. Use the Publication Manual for the American Psychological Association to format your use of headings, in-body citations, pagination, and reference list.

3. Crisis Counseling Role Play and Presentation (25% of final grade)

Due: Assigned in the Syllabus

SEE GRADING RUBRIC for details

a. On your assigned day of presentation, you will present a pre-recorded counseling role-play. The role play should last about 25 minutes. It should model a FIRST SESSION dealing with the crisis situation. The video tape will be replayed and processed in class.

b. On your assigned day, you will also present a 45 minute workshop dealing with that particular crisis area. Your workshop will include a BRIEF overview of the key features of this problem, and a discussion of treatment and crisis counseling approaches. You should integrate some of the features of your role play into your workshop. Workshop should include a handout (powerpoints) for class: (1) Key summary of your presentation; (2) Resource list; (3) Reference list. These packets MUST be no longer than 7 pages. Think of this as a Dummy’s Guide to Crisis Counseling.

Your content MUST reflect the findings from your research and therefore should NOT be a mere repetition of the class text chapter.

4. Case Conceptualization & Treatment Plan (30%)
CO660 Crisis Counseling

You will sign up and research on the same topic that you presented and role played and compose a paper (15-18 pages). Your research paper will deal with the following items:

A. What are the critical psychological, interpersonal, and social issues surrounding the person’s crisis? Remember to consider such things as, but not limited to, developmental, gender, cultural, socio-economic, and ethnic issues. What are the obvious issues that are pertinent to counseling this kind of client? What are the key counseling issues to consider during your first few sessions? (8-10 pages).

B. Identify significant theological and spiritual issues that you believe will be most salient for this client and state how your theological perspective addresses these concerns. (3-4 pages). *(Interact the text Suffering in coming to your theological perspective.)*

C. Identify the kind of counseling approach that would be most appropriate for this kind of personal crisis. What issues surrounding the crisis would need follow-up, say how and why? Create a plan to address this issue with this client. (3-4 pages).

E. Follow APA Publication Manual for formatting of citations and reference list.
