Prerequisite / Enrollment Limits:  CO601 / No more than 30 students

Course Requirements:

1. **Regular attendance** and active participation are very important to the mastery of course material, particularly the lab portion. You are expected to be punctual and in attendance. You should only be absent in emergencies, including illness, family death, or similar unavoidable situations. Absences, except in emergencies, will adversely affect your participation grade.

2. **Participation - 5% of final grade**
   You are expected to participate in class exercises. Participation will be evaluated based on level of activity, quality of content, evidence of learning and skills, and facilitation of the group process.

3. **Completion of Reading Requirement** - You are to read 1200 pages of materials, including class texts, that are directly related to this course material. A report of the reading should be presented on the last day of class. Failure to complete the required reading fully will result in incremental grade reduction.

4. **Midterm Exam - 25% of final grade**

5. **Research Paper - 20% of final grade** - You are to complete research paper, approximately 15 pages in length, on a topic of your choice in the area of cognitive behavioral therapy. Some past examples include: a cognitive-behavioral approach or theorist not discussed in the class (David Barlow, Christine Padesky) or the cognitive-behavioral approach to treating some clinical problem, such as depression, panic disorder, Borderline personality disorder, etc. In this paper, you should include the following:
   a. General overview of the theory or approach (and, if relevant, general description of the clinical problem)
   b. Understandings of clinical problems & health
   c. Counselor's stance/role
   d. Major components of treatment

   h. Empirical support for the effectiveness of theory/approach
   i. A personal critique of the theory/approach

6. **Three Case Conceptualizations - 25% of final grade (each is worth about 8.3%)** - Completion of a case formulation and a cognitive-behavioral treatment plan based on cases supplied by the course instructor.

7. **Final Exam - 25% of final grade.** This exam will be largely objective in format.

Course Evaluation:
The grading guidelines found in the 2008-2009 catalog will be used for grade assignment.

Unacceptable work: failure to achieve course objectives

Course Policies

**Feedback**

Timely: For assessments of student work during the course of the academic term, the expectation of “timely”
feedback is met when students have their work marked, graded, and returned within one week of its submission. Moreover, when assignment “B” builds on assignment “A,” assignment “A” should be returned before assignment “B” fails due. Longer assignments are often due at the end of term, and are not subject to this definition.

Substantive: For assessments of student work during the course of the academic term, the expectation of “substantive” feedback is met when students receive responses that alert them to what they have done well and how they might improve their performance in subsequent work.

- **Submitted Written Papers.**
  - **APA Format.** All written material should conform to style and form set forth in the Publication Manual for the American Psychological Association, 5th ed. Also, all written material should be produced with a standard 12-point font, typed, double-spaced with a one-inch margin.
  - **Writing Quality.** Grades for written material will be partially based on quality of writing, clarity of thought, and logical development. Points will be deducted for common spelling and grammatical errors. See list posted on Virtual Campus.
  - **Form.** Written materials should be submitted in electronic format by the due date. Electronic submissions should be Word documents or text documents attached to an email. Papers will NOT be accepted in hardcopy (paper format).
  - **Timeliness.** Students should submit written material on time; late papers will receive no written comments and the grade will be reduced by 3% for each day late.

- **Self-Disclosure.** In class interactions, some self-disclosure and personal examination may occur; this should be kept appropriate to the classroom situation. These interactions fall under the umbrella of confidentiality and members will be expected to abide by this ethical standard.

- **Incompletes.** Thinking about incompletes? Seminary guidelines indicate that “A grade of ‘I’ denotes that the work of a course has not been completed due to an unavoidable emergency, which does not include delinquency or attending to church work or other employment” (Catalog, 32). Incompletes will only be granted in extreme situations, so be sure to plan for ordinary emergencies and busyness.

- **Withdrawals.** If you decide to withdraw from the course, you should file forms in the Registrar’s Office according to seminary deadlines.

- **Academic Integrity.** Students are expected to follow seminary policy with regard to issues of academic dishonesty (e.g. cheating, plagiarism) and proper conduct in the classroom are required. Any confirmed incident of cheating is grounds for failure in this course. Cheating includes passing off someone else’s written work as one’s own as well as looking at someone else’s test answers to formulate one’s own test answer(s).

- **Problems.** If you are having difficulty in this course for ANY reason, please speak to me as soon as possible.

- **Special Needs.** Materials can be made available in alternate formats. Please inform me of any special needs you may have.

- **Scheduling.** The instructor reserves the right to make modifications to the course schedule as necessary.
